## INTRODUCTION

Why Kaushal Ganga? In an endeavor to prepare a generation of skilled employees and leaders in alignment with the modern day market demands, the Central and State Governments have shown a keen interest in laying out an institutional mechanism for the development of skills of people of the country. For that purpose, Ministry of Skill Development & Entrepreneurship and National Skill Development Council at National Level and State Skill Development Councils at State Level acts as a catalyst and monitors all the related developments in the area of Skill Development.

The foundation, in view of the above, has been working on the development of an integrated software, in consultation with the various skill sector councils, experts involved in its entire mechanism, which shall act as an 'one for all' application to manage and monitor the activities of all the stakeholders including NSDC, SSCs, Training Partners, Assessing Bodies, trainers, assessors, etc. in real time.

Working on the above line, we have come up with an Integrated IT solution that will enhance the workflow and monitoring mechanism of the entire chain covering the Skill process end to end i.e. inclusive of everyone and everything.

What's Kaushal Ganga? An Integrated Skill Management Application developed for Managing and Monitoring the entire Skill Process. It Integrate various Components and Segments involved in skill development process undertaken by various Sector Skill Councils. Incorporating each and every subset of integrated skill matrix reckoning from Mobilization, Counselling and processing, Registration, orientation & training, final assessment, employment and appraisal certificates & post grading covering Stakeholders, SSC's, Training Partners, Assessing Bodies, trainers, assessorsetc.
