INTRODUCTION

Why Kaushal Ganga? In an endeavor to prepare a generation of skilled employees and leaders in alignment with the modern day market demands, the Central and State Governments have shown a keen interest in laying out an institutional mechanism for the development of skills of people of the country. For that purpose, Ministry of Skill Development & Entrepreneurship and National Skill Development Council at National Level and State Skill Development Councils at State Level acts as a catalyst and monitors all the related developments in the area of Skill Development.

The foundation, in view of the above, has been working on the development of an integrated software, in consultation with the various skill sector councils, experts involved in its entire mechanism, which shall act as an 'one for all' application to manage and monitor the activities of all the stakeholders including NSDC, SSCs, Training Partners, Assessing Bodies, trainers, assessors, etc. in real time.

Working on the above line, we have come up with an Integrated IT solution that will enhance the workflow and monitoring mechanism of the entire chain covering the Skill process end to end i.e. inclusive of everyone and everything.

What's Kaushal Ganga? An Integrated Skill Management Application developed for Managing and Monitoring the entire Skill Process. It Integrate various Components and Segments involved in skill development process undertaken by various Sector Skill Councils. Incorporating each and every subset of integrated skill matrix reckoning from Mobilization, Counselling and processing, Registration, orientation & training, final assessment, employment and appraisal certificates & post grading covering Stakeholders, SSC's, Training Partners, Assessing Bodies, trainers, assessorsetc.

GETTING STARTED - OVERVIEW

Let's begin a journey of floating into the Integrated Ganges of Skill to attain salvation and flawless Operations.

Let's take a dip into the broad description of Integrated IT Business solution for Skill Process in line with the guidelines and regulatory framework of NSDC.

A Quick Glimpse to the Operational framework of NSDC:

Log into <https://www.kaushalganga.com>

- A Comprehensive module page will appear. This comprehensive module consists of 12 respective segments involved in Skill Development Process
- The web page leads you to the particular module you want to run. The respective user may access his/ her intended module.
- Once the module you want to access appears, either click on “Login” or click on “Apply Now” to get yourself registered in

01

MODULE FOR TRAINING PARTNER

- ❖ The user may log into TP Module using the credentials i.e. using Email Id registered with admin and Password.

- ❖ On Successful login, Dashboard will appear comprising 3 Module namely –

- **Control Panel:-**
It depicts the Total no. of Training centre situated at different states along with its all professional and personal details like Name , Area, Address, proof of attachments , property type and with all other related documents. Targeted allocated data in terms of candidates trained and assessed are also maintained in this section of manual.

Training Centre (3)

Target Allocated

Sno	Job Role	No of Students	Financial Year
1	Fabric Checker (AMH/Q0101)	1000	2020-2021

- Geo location :-**
 it depicts the total no. of batches of candidates trained , assessed , failed and certified in different locations all over India . it also provide this information in easy to use excel generated format .

- Download report:-**
 it depicts complete details of assessment with proper batch I.D , details regarding trainer’s with training partners , schemes wise stages of training completed. This tab also provides an option of downloading required details regarding training and training partners in excel format.
